### **ABSTRACT**

This document presents a typical example of how the extended abstract will look like and the instructions needed to prepare it to be included in the proceedings of the CWW2023. All abstracts should be written in English. In order to achieve graphical consistency, the extended abstract should be written using Microsoft Word. It should start with the paper's title, authors, authors' affiliation, address, and e-mail, followed by the Abstract's text and the keywords (up to six). Please, indicate the author making the presentation with an asterisk.

The abstract should be written in MS Word format in single-spaced in 12-point Times New Roman. Do not indent the text paragraphs. Please, briefly explain the aim and scope of your study, your materials and methods, and the main conclusions of the study. Max 2 figures/photographs can be placed in the abstract. Authors are requested to submit Abstracts (max 3 pages min 2 pages in length) in electronic form (MS Word) via email: [technical\\_abstracts@cairowaterweek.eg](mailto:technical_abstracts@cairowaterweek.eg), which is listed on [the website of the conference](#). The incorrect formats may result in your abstract being returned to you by e-mail. The scientific committee will select the contributions for oral or poster presentations accordingly. Short abstracts less than two pages will be returned to authors.

A digital version of the CWW2023 Proceedings [1] will be published in the conference website. The committee will decide on contributions between an oral OR a poster presentation [2]. If the CWW2023 scientific committee accepts your extended abstract as an oral presentation, you will have the possibilities to submit a full paper for the special issue of CWW2023 with the Water Science Journal. The URL for the special issue will be announced with the extended abstracts acceptance.

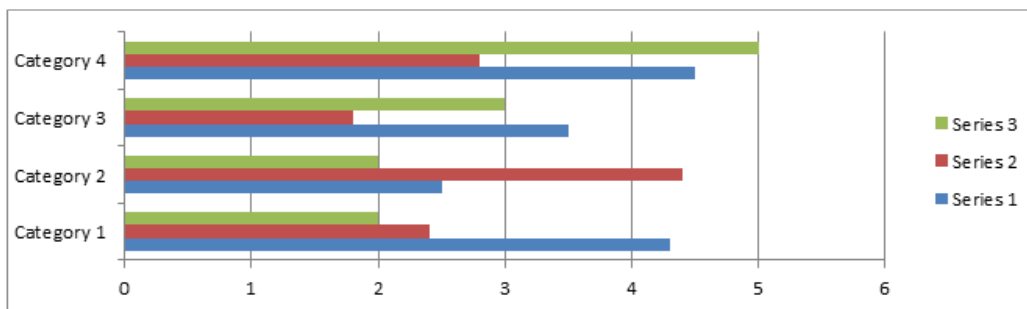

The Extended abstract should ensure logical flow of information addressing the main problem of presentation, a clear methodology, and some tabulated information, when available. Two figures maximum are encouraged to give the committee the feel of the work presented and to share some results and outputs.

Column heading	Column heading two	Column heading three
Row 1a	Row 1b	Row 1c
Row 2a	Row 2b	Row 2c
Row 3a	Row 3b	Row 3c
Row 4a	Row 4b	Row 4c

**Table 1.** Example table for the extended abstract. (optional)

A digital version of the CWW2023 Proceedings [1] will be published in the conference website. These proceedings will only include extended abstracts meeting the guidelines and using the shared template.

**Figure 1.** Example graph for the extended abstract.(optional)

A paragraph on conclusions and outputs will make the picture complete and will help the committee to fully understand what is being presented. Acknowledgement of data usage, funding, external support outside the authorship team is expected and encouraged where applicable

**Acknowledgment:** The authors would like to express appreciation for the support of the sponsors [Project Number = XXXXXXXX].
